MAKING OF BOYS

Here's Fine Fun  
for All Boys!

## Build Structo Autos that Look and Run Like Real Cars!

**B**UILDING A STRUCTO Automobile, Truck or Tractor is the next best thing to building a real one. STRUCTO TOYS are realistic toy reproductions of real automotive machines. They have parts like real cars. You assemble the parts and build your own Auto, Truck or Tractor. You can build a fast Racing Car, a classy Roadster, a big Dump Truck or a sturdy Tractor.

Any boy can build a STRUCTO TOY. The Nos. 8, 10, 11, 12, 14 and 15 shown below, come complete in STRUCTO Auto-Builder Outfits like the one shown here. Everything is complete, even a screw driver and wrench. Building these toys is great fun and shows the principles of automobile engineering.

No. 19. Triple wheel tractor. Street style drive. Blue and gray body. Blue wheels. 10 in. long. One speed for gear and one reverse. \$3.50

STRUCTO models run fast, too! Strong, powerful motors drive them straight ahead, round in a circle, up hill or to the level. Some have sliding gear transmissions and regular "big car" differential, others have direct shaft drive, while the tractors have directly connected gears giving pulling power for slow speed work. They all have many features of real cars, and are handsome, sturdy machines you can have a lot of fun with. There are six fine models to choose from: Nos. 8, 10, 11, 12, 14 and 15; all pictured below. Any boy can build them; all the work is done. Look over

these models, read the specifications and decide which you're going to buy. Any fellow that will be glad to see him build a STRUCTO Auto because it helps him understand real autos.

There are also four dandy ready-built STRUCTO models: Nos. 20, 21, 22 and 23. These are ready built for you and ready to run when you get them. They're wonderful machines and have strong motors that keep them going a long time. Finished in colors and very realistic in appearance and action. Each one comes in its own box.

Ask for STRUCTO TOYS in the Toy Department, Hardware Store, Toy Store, and any store where good toys are sold. Be sure you see the name "STRUCTO TOYS" on the box. If you cannot find the one you want we will fill your order direct, upon receipt of price listed. West of Denver, Colo., and in Canada, prices are a little higher.
